

PRESIDENT: Senator Duis.

SENATOR DUIS: Mr. President, I wonder if Senator Savage would give us an explanation of the amendment. I'd appreciate it at the present time, just a short one if he would.

SENATOR SAVAGE: Well there are some older residents out in South Omaha, near the business district, which were fearful of having their homes taken over. To preclude that from happening I consented to put in this amendment.

PRESIDENT: Senator Nichol.

SENATOR NICHOL: Senator Savage, are you saying that if somebody has a homestead they can hold up a parking district, parking lot district?

SENATOR SAVAGE: Yes.

SENATOR NICHOL: How come we discriminate, just because somebody is elderly they hold it up, but if they're young they can't have the same privilege?

SENATOR SAVAGE: That doesn't necessarily mean that they're elderly.

PRESIDENT: Excuse me gentlemen. The Chair has been asleep. We can't do this now. We've got to wait till we go on Select File. We're on Final Reading. I'm sorry. Senator Savage, the Chair makes a lot of mistakes up here, even when you're not in it. Senator George.

SENATOR GEORGE: The vote we just took was to return to Select File.

PRESIDENT: That's correct, and it's on Select File. So when we go to Select File then this can be disposed of, but we cannot do it on Final Reading.

SENATOR GEORGE: Okay, but the vote right now was to take it back to Select File.

PRESIDENT: And that was successful.

SENATOR GEORGE: Yes, then it is on Select File now.

PRESIDENT: Yes, it's on Select File now.

SENATOR GEORGE: We can't discuss it now? We can't discuss the motion now?

PRESIDENT: No. We do that when the Legislature moves from Final Reading to Select File.

SENATOR GEORGE: Thank you.

PRESIDENT: LB 260.

ASSISTANT CLERK: Read title to LB 260.
